

LAMINATES & DECORATIVE PANELS

ABOUT OUR HPL SURFORMA® PROGRAM:

Branded SURFORMA, the HPL is manufactured by Tafisa's sister company, Sonae Indústria de Revestimentos (SIR). It is a complete, harmonized line of HPL to our TFL Prelude and Sommet embossed-in-register (EIR) Series. Includes one stop shopping for our TFL, HPL & PB with matching complementary products (such as edgebanding) throughout our distribution network.

- Made from the same textured plates and decor papers
- Vertical-Grade Postformable (VGP/PF) 0.80mm (0.031")
- All Sommet Series colours and several Prélude colours are available for FSC Mix Credit
- Certified Class III / C for flame spread and smoke development
- Meet or exceed all the requirements of the NEMA LD3 standard
- Antimicrobial properties
- Available in all 9 Tafisa textures

RECOMMENDED USE FOR TFL:

For commercial, residential, institutional applications, and for the hospitality sector.

These include furniture, bathroom and kitchen furnishings, doors of all kinds, storage system, wall/ceiling cladding, etc. Recommended for vertical and horizontal applications with moderate impact and moderate use.

RECOMMENDED USE FOR HPL:

For commercial, residential, institutional applications, and for the hospitality sector.

These include countertops, tables, furniture, bathroom and kitchen furnishings, doors of all kinds, storage system, wall/ceiling cladding, etc. Recommended for vertical and horizontal applications requiring high impact and high wear resistance.
